15 July 2023

On July 12, 2023, the House Rules Committee voted the below amendment to NDAA as Do Pass. However, it failed in the House on July 13, 177 -253, with 44 Republicans joining the Dems. This places the Reconciliation [Statue in Arlington](#) at risk – ultimately, in all statues, and in all National Cemeteries; as they erase American history.

"With the monument's destruction, the reconciliation message that Lincoln, Grant, McKinley, Taft and Roosevelt advocated will be lost."

It is our staunch belief that, as Post-Modernists it is the Left's steadfast desire to be divisive in all areas. There is not a reconciliation impulse in the lot of them.

As they will remove all but the base, (removing it would disrupt graves), it will stand in perpetuity as a Monument to our generation's nature of un-reconciliation, and it will be the "Delusional Projectionist's" (the Left's) Monument to racism.

We continue to research avenues that will preclude this heinous crime - against America, Americans, and Her veterans -which will only cause more division, not more unity.

Fellow Warriors,

They are coming after the [Memorials at Arlington](#) - NOW!

SECRETARY OF DEFENSE, Lloyd Austin, HAS ORDERED THE RECONCILIATION MEMORIA REMOVED FROM ARLINGTON NATIONAL CEMETARY.

Amendment #742 to the 2023 NDAA will preclude its destruction, one of the most majestic memorials and meaning in the Cemetery.

This is one additional effort to the destruction of the American Military, American history, and America itself, as well as Western culture and the Western species.

This will be voted on in the House this week - call and adamantly encourage your Congressman to support and fight for #742!

Do not let the Woke/Communist agenda will this one.

"The only thing necessary for the triumph of evil is for good men to do nothing." – Edmund Burke.

The battle is ours to lose,

WSM

URGENT CALL TO ACTION:

You may have heard about the Naming Commission, the brainchild of Senator Elizabeth Warren (D - Mass).

But you may not have heard about the Naming Commission's most detrimental recommendation: the removal of the "Reconciliation" memorial from Arlington National Cemetery.

The Memorial marks 500+ veteran and widow graves in a circular plot championed by Pres. William McKinley. In the afterglow of the Spanish American War, where sons of both sides of America's bloody fratricidal war united under one flag for our Nation, McKinley saw the need to solidify the country's unity by caring for the graves of southern soldiers.

Since its erection in 1914, the Reconciliation Memorial has been wreathed by American Presidents, but now Sec Def Lloyd Austin has ordered it removed.

A noted art historian calls the planned removal "the ultimate win for cancel culture."

In this time of military readiness, recruiting challenges, and members of the military on public assistance, many are asking 'why are we spending millions on historical destruction, especially removing a memorial from our Nation's iconic historic cemetery?'

This week, the 2024 National Defense Authorization Act will be passed in the House of Representatives, and an amendment (#742) has been proposed to halt the planned desecration.

But our members of Congress must hear from us to support the Amendment.

Call to your Republican member of Congress TODAY and tell them you *oppose the removal of the Arlington National Cemetery Memorial and request that they support and consider co-sponsoring Amendment #742 to the National Defense Authorization Act.*

The capital switchboard number is 202-224-3121, and they will transfer you to your member of Congress.

Our first Commander in Chief George Washington admonished us:

"The willingness with which our young people are likely to serve in any war, no matter how justified, shall be directly proportional to how they perceive the veterans of earlier wars were treated and appreciated by their nation."

Please take a moment to draw the line at the gates of Arlington National Cemetery to stop the cancel culture crane from hoisting the "Reconciliation" from its somber site.

Thank you,

**WE ARE NOT A DEMOCRACY!
WE ARE A REPUBLIC!**

Most are aware of Alinsky's Rule for Radicals; however, few are aware of the eight necessary levels of Control attributed to him. Essentially

everything the Progressive Left (Post Modernists) are doing today, plays to one, or more of these powers. All 8 are in play.

How to create a social state by Saul Alinsky:

"There are [eight levels of control that must be obtained](#) before you are able to create a social state.

1. **Healthcare** – Control healthcare and you control the people.
2. **Poverty** – Increase the Poverty level as high as possible; poor people are easier to control and will not fight back if you are providing everything for them to live.
3. **Debt** – Increase the debt to an unsustainable level. That way you are able to increase taxes, and this will produce more poverty.
4. **Gun Control** – Remove the ability to defend themselves from the government. That way you are able to create a police state.
5. **Welfare** – Take control of every aspect of their lives (Food, Housing, and Income).
6. **Education** – Take control of what people read and listen to – take control of what children learn in school.
7. **Religion** – Remove the belief in God from the government and schools.
8. **Class Welfare** – Divide the people into the wealthy and the poor. This will cause more disconnect, and it will be easier to take from (tax) the wealthy with the support of the poor."

"History does not entrust the care of freedom to the weak or timid."
