## NEWS FROM THE FRONT

3 February 2022

**Fellow Warriors and Friends,**

Our eminent Founders were men of action possessing great virtue, integrity, and courage. With the ratification of the "united states" Constitution, these dauntless gentlemen announced to the world a new era for humanity, and they continue to speak to us today through their examples and writings. See Daniel Webster's example below; we need to heed his warnings lest we show ourselves unworthy.

I, literally, pray the blood of our Founder's still courses through the veins of enough Americans who can stand and utterly defeat the enemies of the Constitution on the invisible battlefield of ideas. Failure to do so will result in the extinction of all the many blessings we inherited – Our Constitution, our freedoms and liberty, our culture, and our nation itself; henceforth, we shall forever be disgraced as the generation that betrayed its children and lost the greatest nation to ever exist in world history and to have condemned the future of humanity to that sordid abyss of Tyranny.

## Daniel Webster

The world will cry out 'shame' upon us, if we show ourselves unworthy, to be the descendants of those great and illustrious men, who fought for their liberty, and secured it to their posterity, by the Constitution of the United States ...

"The Constitution has enemies, secret and professed ... They have hot heads and cold hearts. They are rash, reckless, and fierce for change, and with no affection for the existing institutions of their country ...

Other enemies there are, more cool, and with more calculation. These have a deeper and more fixed and dangerous purpose ...

There are those in the country, who profess, in their own words, even to hate the Constitution ...

Friends of the Constitution must rally and unite ... with immovable firmness, like a band of brothers ... looking only to the great object set before them, the preservation of the Constitution, bequeathed to them by their ancestors.

We must strengthen ourselves, and gird up our loins with new resolution ... in the support of the Constitution, prepare to meet manfully ... whatever of difficulty, or of danger ... or of sacrifice, the Providence of God may call upon us to meet.

Most are aware of Alinsky's Rule for Radicals; however, few are aware of the eight necessary levels of Control attributed to him. Essentially everything the Progressive Left (Post Modernists) are doing today, plays to one, or more of these powers. All 8 are in play.

### How to create a social state by Saul Alinsky:

True revolutionaries do not flaunt their radicalism. They cut their hair, put on suits and infiltrate the system from within.

AZ QUOTES

"There are eight levels of control that must be obtained before you are able to create a social state.

1. **Healthcare** – Control healthcare and you control the

- people.
2. **Poverty** – Increase the Poverty level as high as possible; poor people are easier to control and will not fight back if you are providing everything for them to live.
  3. **Debt** – Increase the debt to an unsustainable level. That way you are able to increase taxes, and this will produce more poverty.
  4. **Gun Control** – Remove the ability to defend themselves from the government. That way you are able to create a police state.
  5. **Welfare** – Take control of every aspect of their lives (Food, Housing, and Income).
  6. **Education** – Take control of what people read and listen to – take control of what children learn in school.
  7. **Religion** – Remove the belief in God from the government and schools.
  8. **Class Welfare** – Divide the people into the wealthy and the poor. This will cause more disconnect, and it will be easier to take from (tax) the wealthy with the support of the poor."
