

Veterans in Defense of Liberty

NEWS FROM THE FRONT

24 October 2020

Dear fellow Warriors,

Brothers and Sisters, I have not done this before – honestly. In this critical election year for not only the heart and soul of America but for the whole future of humanity, we are pleased to introduce you to decorated combat veteran [Sergeant Major Juan Hidalgo](#) USMC (ret).

SgtMaj Hidalgo is a member of Veterans in Defense of Liberty and a graduate of our “Champions of Liberty’s” inaugural class. He is currently engaged in a battle for the House of Representatives in California 51st Congressional District (San Diego) against an incumbent (D) since 2011.

As a true Constitutional Conservative, the SgtMaj’s win will move us one step closer to regaining a Conservative U.S. House of Representatives. However, as we enter into the ten-day crunch, we need to help him raise \$15,000 to saturate San Diego with his new commercial.

If you will help Juan, please [go here](#) to contribute to his win.

Best of luck, Sergeant Major!!

Last Thursday (10/22/2020), you might have missed the Trump Administration’s signing of the 32-country Geneva Consensus Declaration on Promoting Women’s Health and Strengthening the Family. [Please take a look, as we think you’ll like it.](#)

For your information, some lines of importance from the declaration include:

- “There is no international right to abortion, nor any international obligation on the part of States to finance or facilitate abortion;”
- “in no case should abortion be promoted as a method of family planning;”

- “The family is the natural and fundamental group unit of society and is entitled to protection by society and the State;”
- “motherhood and childhood are entitled to special care and assistance;”
- “health is a state of complete physical, mental, and social well-being and not merely the absence of disease or infirmity.”

See in the [Washington Times](#), U.S. joins global declaration disavowing abortion as 'human right'
