

Veterans in Defense of Liberty

NEWS FROM THE FRONT

10 November 2020

Dear fellow Warriors and Friends,

It is a pleasure to share a letter of support with you, Veterans in Defense of Liberty[®] sent to President Donald Trump yesterday (below). We are virtually assured he has or will read it.

We encourage President Trump to heed the warning issued by George Washington, "Guard against the impostures of pretended patriotism," and utterly defeat America's "Enemy Domestic" on the battlefield of ideas.

Alexis de Tocqueville noted, "The greatness of America lies not in being more enlightened than any other nation, but rather in her ability to repair her faults." President Trump (the anointed Wrecking-Ball of the evil of tyranny) appears to be not only more enlightened than his predecessors but set on a firm course to repair America's faults.

It is imperative that as he fights on our and our posterities' behalf for, Freedom and Liberty - that he knows that he is not a lone warrior. As we lift him up in prayer, we must also let him know that America's veterans support him, as do tens-of-millions of Americans, and we have his back.

Please contact the White House and let them know we true Patriots are here, and commend and support our President. If you're a veteran, let them know that also.

9 November 2020

Donald J. Trump
President of the United States of America
1600 Pennsylvania Avenue NW
Washington, DC 20500

Dear Mr. President,

Veterans in Defense of Liberty® wishes to extend our most profound appreciation and pride for you and the veracity you have shown on behalf of our Constitutional Republic. Robust veracity that has moved America and Americans forward exponentially while exposing the Democrat Socialists as the "Enemy Domestic" they genuinely are. We are confident you understand the hatred they feel for you stems from their recognition that only you stand between them and the gem (our Republic); they have fought toward socializing for the last one hundred years.

If our Constitutional Republic is to survive, we must, as you Sir, be willing to confront our opponents and utterly defeat them on the battlefield of ideas. Failure to do so is forever to be disgraced as the generation that betrayed its children and lost the nation — at the same time, condemning the future of humanity to the sordid abyss of tyrannical socialism.

Sir, we entreat you to stand firm against this third attempted blustering coup until every dirty rock has been turned over, and every contemptible vermin has been exposed to the light of truth. This fight is about destroying the power of the enemy to steal an election in plain sight. Give up now, and the country is lost. Winning reelection without dismantling the Democrats organized criminal enterprise is a temporary victory; winning while exposing and destroying their ability to corrupt future elections is the greatest victory possible.

From 1775 until today, we as veterans have between 1.5 and 2.0 million Brothers/Sisters who have made that last full measure of

devotion so that Freedom and Liberty might extend to the very end of time. As we refuse to, we implore you never to allow their sacrifice to have been made in vain.

Only you, Mr. President, with the guidance of Divine Providence, have the ability and opportunity to expose the deepest of the deep state and return America to America. Please know, as is possible, "We have your back," along with, I am sure, 71 million other Americans. But more importantly, every morning as you don the Armor of God, Know He has your back.

Very respectfully,

Dr. Wm. Scott Magill
Executive Director
USMC/US Army Medical Corps
