Regardless of the election outcome, we veterans must stand strong for America, honoring our Oath.

- It is easy to say, "my Oath has no expiration date," but these are the days we must live the meaning of that statement.

I believe Donald Trump will win a second term. However, if we do not continue fighting the civil war being fought on the invisible Battlefields, America will still be lost. We must drive the enemy of America back into the corrupt shadows from whence they came. Should we fail to do so, they will continue their unscrupulous efforts against our children in the schools and continue the evil assault against the pillars of our greatness—the pillars of Religious Liberty, the nuclear family, and the sanctity of life.

The future of America, the future of humanity is in our hands. Will we be the generation known for throwing away all the many blessings we inherited?

Semper Fidelis,
Dr. Scott Magill
Executive Director

Ratification was followed by two centuries of more trial and error in the continual struggle "to form a more perfect union" by living up to those principles. During that time, America—with all its flaws—became the freest, most prosperous on earth, and the greatest force for good of any nation in history.

But today, all of these many blessings we inherited and fought for—our Constitution, our individual Liberty, our culture, our nation itself—are threatened with extinction as the rule of law is thrown aside for the rule of tyranny and violence.

That threat is not from any external force—no foreign power could ever destroy our nation—but entirely from within. If our constitutional Republic is to survive, WE must be willing to confront our opponents and utterly defeat them in the arena of ideas. Failure to do so is to be forever disgraced as the generation that betrayed its children, our oath and lost the nation.

For this reason, the Veterans in Defense of Liberty® (the Brotherhood with a mission) was instituted, equipping military veterans with the structure and mission to fulfill their lifelong oath to "defend the Constitution of the United States against all enemies, foreign and domestic." Since 1776 to the present, some 2 million of our brothers and sisters gave Last Full Measure of Devotion, that Freedom and Liberty would extend to the end of time. We are, but today's stewards of their sacrifice. We will not allow their sacrifices to have been made in vain!

ViDoL, founded in 2010, is a national 501(c)4 divided into 8 Divisions; each Division is divided into Regiments (the State level) and each Regiment into the Battalion level (Congressional Districts.) There are two particular categories within Veterans in Defense of Liberty: [Liberty Riders of America™](#) – member Bikers and [Champions of Liberty™\(COL\)](#). COL is comprised of veterans who have graduated from an intense week in D.C being taught by national experts: Western Civ; the Constitution; hot button issues; how to win the hot button issues on the invisible battlefield of ideas. A G [John Ashcroft](#) said of COL, "...- [it] is a strategy for national survival. "

We encourage all veterans, who understand that when we swore to protect and defend the Constitution against all enemies, foreign and domestic, we did so, not for a piece of paper enshrined in our collective history, but for the society it has established and guided for all these many years, to join with ViDoL. To join the

Brotherhood/Sisterhood of veterans, with a mission fully committed to restoring and maintaining the integrity of our Republic based on correct moral and constitutional principles
